

IELTS with Kee - Jun 10

(Print Version)

 (Cues)	 (Notes)
Part 2: (Qingcheng Mountain)	 - Describe a quiet place you enjoy going to (the back hill of Qingcheng Mountain) - bus ride - natural sounds around it, freshest air around my hometown - a great place for people to immerse themselves in nature, detox from city life - the first reason being, ... - if you're tired of living in a concrete jungle, you can totally escape to this place and enjoy a peaceful and idyllic lifestyle - It has definitely created some memories that I'll never forget. / It's such an unforgettable experience. (B2 Chunks) - immerse oneself in nature — - detox from city life — / - a concrete jungle — - a peaceful and idyllic lifestyle — - the first reason being, ... — - it's such an unforgettable experience — (Insight) Part 2 + + + 2 + / "concrete jungle"
Sequence of Phrases ()	 (describe a process / life cycle) - First — first, various internal components like the chip are manufactured in one place - At the same time — at the same time, the case and the SIM card are produced - Then — these are then shipped to a different factory for assembly - After that — after that, they are dispatched to a central warehouse for distribution - ... and then — and then the phone is sent for sale

 (Cues)	 (Notes)
	- Once — once a device is broken, it's either thrown away or sent for recycling • Kee (Duolingo) PTE Part 2 • "at the same time" "after that" — • "total sentence" once the device is broken...  (B2 Chunks) • the life cycle of a phone — • go through various stages — • moving on to the next step — • moving on to the next stage / phase — • it all boils down to ... — • what I'm trying to say is ... — /  (Stalling) • How should I put it? — • What I want to say is ... — • I'm drawing a blank here. — • Well, you know, ... — • I think the next step is probably ... — • It's a bit tricky. / It's quite challenging. — / "hard to say"  (Insight) 100% — ① / ② "what I'm trying to say is"
Part 2 (vs)	 Part 2 — (memory hooks) • Kee "internal components like the chip are manufactured" → chip • chip components chip • chip → internal components like the chip → are manufactured • manufacture → " " • first, then, after that — • chip, case/sim, assembly, central warehouse, sale, broken/recycling

 (Cues)	 (Notes)
	• " "——Part 2 • Kee  (B2 Chunks) • memory hook — • key words — • I think the next step is ... — • it's probably / it might be ... —  (Insight) Part 2 6-8 1-2 ——
For Sale vs On Sale ()	 • for sale = - Is this for sale? " " - The chairs in Luckin Coffee are not for sale. - The phone is sent to the store for sale. • on sale = / - Luckin Coffee is always on sale. - on = on sale = / - for = for sale = • Kee on = → for = •  sell sale /  (B2 Chunks) • Is this for sale? — • This phone is for sale. — • This TV is on sale. — • send it for sale — • be sent to the store for sale —  (Insight) for sale " " on sale " " process " " " " " for sale description →
Lifecycle of a Phone ()	 • + Step 1 — First (chip) First, the various internal components, like the chip, are manufactured in

 (Cues)	 (Notes)
	one place. Step 2 — At the same time (case / sim) At the same time, the case and the SIM card are produced. Step 3 — Then (assembly) These are then shipped to a different factory for assembly.  "a different factory" ≠ "different factories"—— " "  "Avengers, assemble!"—— assembly Step 4 — After that (central warehouse) After that, they are dispatched to a central warehouse for distribution.  dispatch = send = ship divide divide dispatch —— ≠  "central warehouse" Step 5 — And then (sale) And then the phone is sent for sale. The phone is then shipped to stores for sale.  then ——these components are then sent for assembly Step 6 — Once (broken / recycling) Once a device is broken, it's either thrown away or sent for recycling.  once = when = as soon as  once a device is broken → it is either thrown away...  neither/either either neither Step 7 — The latter / the former If it is the latter, the broken components would be mended. If it is the former, it is simply thrown away.  latter = / former = the  mend = repair fix  latter ≠ letter [ˈlætə] [ˈletə]  (B2 Chunks) • internal components — • are manufactured — • are dispatched to — / • for distribution — • for assembly —

 (Cues)	 (Notes)
	• for sale — • for recycling — • be thrown away — • be mended — • a central warehouse — • the former / the latter — / • either ... or ... —  (Stalling) • I'm not sure how to put this, but ... — • The next step is probably ... — • If I remember correctly, ... —  (Insight) Part 2 Today I'd like to introduce the life cycle of a phone → 6-7 → manufactured → assembly → distribution → sale → broken/recycling "what I'm trying to say is"
(/ /)	 (Wheat) - As some of the wheat is fully grown and is reaped, it is then sent to the market for sale or kept in a cold refrigerator for export. - When the wheat is fully grown → (reaped) → - ⚠ reap = reaped (Chocolate) - Before it is wrapped, the chocolate is put into moulds and left to cool. - ⚠ mould () / mold () = — - ⚠ mould ≠ mold mould vs mould moulds - ⚠ dry → dried → dried - sorted → dried → blended → wrapped in packets for sale (Milk Production) - Milk production goes through various stages. - The cows are milked, the milk is taken to a dairy where various products are made. - It is heated to kill bacteria — to make it suitable for drinking. - Or churned to produce butter. - ⚠ milk the cows = milk - ⚠ churn = - ⚠ dairy = "daily"

 (Cues)	 (Notes)
	- ⚠️ two vowels together → various stages → s - ⚠️ capitalist milk the market dry → milk • (Tea) - When the tea bush reaches a certain height, the leaves are picked. - ⚠️ bush = / tea bush - ⚠️ brush ≠ bush brush = / bush = Kee "  (B2 Chunks) • be fully grown — • be reaped — • for export — • be put into moulds — • be left to cool — • be heated to kill bacteria — • make it suitable for drinking — • be churned to produce butter — • reach a certain height —  (Insight) first → at the same time → then → after that → once
()	 • latter / letter latter ['lætə] vs letter ['letə] / Kee " " • former / latter the — "the former" / "the latter" • shift [ʃɪft] -ed [ɪd] — shifted = [ʃɪft] • assembly [ə'sembli] • various stages s — ['veəriəs 'teɪdʒɪz] • dairy vs daily dairy ['deəri] vs daily ['deɪli] • export ['eksɒ:t] [ɪk'spɔ:t] • mould / mold mould mold [məʊld] • either pronunciation ['aɪðə] ['i:ðə] • then — "These components are then sent for assembly." • Once a device is broken → it is either... they • neither vs either either...or = neither...nor = • Initial = the first letter =

 (Cues)	 (Notes)
	 (B2 Chunks) - once a device is broken — - it is either thrown away or sent for recycling — - if it is the latter — - the broken components would be mended —  (Insight) latter/letter " " " " second one" "the latter" "the
Matching ()	 Match sentences 1-6 with parts from A-F • Kee • - and → - as/when/once → • • Kee —  (B2 Chunks) - match ... with ... — - complete the sentence — - read through the options first —  (Insight) " "____ / " " Part 2

(Action Plan)

1. **30+** for sale/on sale
chip/assembly/warehouse/distribution/recycling
2. 6 first / at the same
time / then / after that / and then / once 2
3. _____

4.	latter	shifted	assembly	various stages	5
5.	Part 2		6-8	2	"
	"
