 Cues	 Class Content & Notes
Career Alignment (职业规划与定位)	 Class Content - You used to dream of being a president! We discussed how to connect your natural talents (like swimming) and hobbies (like art, music, or speaking English) with your future career paths. Example 1 (Swimming + English): You can be a swimming coach in Singapore, the UK, or the US, using your English skills. Example 2 (Art Career): If you want to be an art director, you can run a small studio, hold an exhibition, and choose artists to collab with. Location Strategy: You need to know the art scenes and find the art hub (center). For example, Aranya in Beidaihe is an art center where many artists live. Plan what you need, the way to do it, where to go, and when to become famous in your local circle.  B2 Chunks (必备语块) - align your hobby to your career - 将爱好与职业对齐/结合 - art scenes - 艺术环境/圈子 - collab with sb. - 与某人合作  Insight (精髓解释) 聊梦想工作时，不要只抛出职业名称。试着描述如何把你的天赋和爱好“搭在一起”。
Salary vs Wage (收入类型与工种)	 Class Content - We explored two different kinds of pay: Wage: Money you get from physical hard work or labor. Examples are a janitor who mops the floor or a construction worker wearing a helmet. We checked online and saw the minimum wage in Chengdu is about 2080 RMB. Salary: Money from mental or brain work (using your intelligence), like an office worker or an accountant. They often get a team bonus too. Job Attitudes: You mentioned you wouldn't mind being a janitor if you were poor. Remember, we should not "discriminate" against any job—being a janitor can also be an interesting job with unique daily experiences!  B2 Chunks - minimum wage - 最低工资 - mental / physical hard work - 脑力 / 体力劳动 - discriminate sth. - 歧视/带有偏见地评判某事

Job Reality (高薪背后的高压)	 Class Content • We talked about being an anime merchandise designer ("goods") or a game designer. • High Pressure: For example, working at Timi Studio. If the game is profitable (making money), the pay is great. But the stress level is insane (way too much) and the job is very exhaustive. • There are many competitors, making it hard to get into the position. If the game stops making money, designers face even more pressure. • Losing Jobs: I shared a story about a friend who was laid-off because AI replaced her job (doing basic art design). Now she lives on social insurance money. (Note: Being laid-off means the job is gone, which is different from being fired for a mistake).  B2 Chunks • merchandise designer - 周边产品设计师 • profitable / making money - 盈利的/赚钱的 • insane / way too much - 压力极大/疯狂的 • laid-off - 被裁员 (因岗位消失)  Stalling (救命拖延词) • It seems to me that... - [当你准备发表个人见解或评价时使用]
Hypothetical 1 (假设：中彩票)	 Class Content • We defined a lottery as a game of chance. The numbers are chosen randomly, just like rolling a dice (a cube with 6 numbers on it). • I shared a story about getting a lottery ticket in a red packet after a hot pot dinner and winning 5 RMB. We also noted the biggest lottery prize in China is 260 million RMB. • Question: What would you do if you won 2 billion RMB? • Your Answer: You mentioned you would buy things you like, such as designer dresses (high fashion like Gucci or LV), villas, and cosplay clothes.  B2 Chunks • designer products / high fashion - 设计师品牌/高定 • a game of chance - 概率/运气游戏  Stalling (救命拖延词) • Wow... it's hard to say. - [遇到突发奇想的问题时，用来争取几秒钟思考时间] • The first thing came to my mind is that... - [用来自然引出你的第一个论点] • you name it / and so on - [列举完几个例子后，用来霸气收尾：“诸如此类/应有尽有”]
Hypothetical 2 (假设：太空与外星人)	 Class Content • We talked about the sci-fi movie <i>Project Hail Mary</i>. It is about a science teacher who goes to space to save the Earth and becomes best friends with an adorable alien that looks like a rock (named

	Rocky). (No spoilers!) • Question: If you go on a space mission, which K-pop idol (from Blackpink or Aespa) would you take to keep you company? • High-Score Strategy: You rightly pointed out that idols are useless in space! A perfect way to answer is: "Actually, none of them. The best option would definitely be an astronaut or a scientist. It's simply because they're much more helpful under those circumstances." 🌱 B2 Chunks • keep you company - 陪伴你 • under those circumstances - 在那种情况/境地之下 💡 Insight (精髓解释) 考官很喜欢问带有荒谬前提的题目。你可以大方拒绝原设，给出符合常理的替代方案（比起带爱豆，带科学家去太空才是符合逻辑的正解）。
Externalize Logic (逻辑外化法)	🧠 Class Content • Core Skill: To get a high score, you need to master two things: "Externalize your logic" (外化逻辑 - say your thinking steps out loud) and "Internalize chunks" (内化语块 - use the phrases you learned naturally). • Practice (How to talk to an alien?): Do not just give a one-word answer like "body language". Show your thinking process! • Example Answer: First, say your first thought (off the top of my head) is body language. Then add details: I can also use my drawing skills. If you have nothing else to say, explain why: "Other than that, I really don't know any other ways because I think body language is the best option." 🌱 B2 Chunks • off the top of my head - 乍一想 / 脑海中第一反应 / 第一想法 🧠 Stalling (拓展神器) • Other than that, ... / On top of that, ... - [用于叠加第二个论点或细节时] • Another thing comes to my mind is that ... - [想不出好观点时，边想边说的绝佳过渡句] • Well... other than that, I really don't know any other ways. Because I think... is the best option... - [绝境防身术：当你真的没话说了，用这句话强行合理化你的简短回答]
Vocabulary: Rescue (词汇深度解析)	🧠 Class Content • Rescue: To save someone or something from a bad or dangerous situation. • Anime Example: In <i>Miss Kobayashi's Dragon Maid</i>, a normal human being saves a dragon (Tohru) who can do shapeshifting (change her appearance). • Real Life Example: Lifeguards at a swimming pool in Chengdu have an essential role. Their job is to rescue people who drown because

they do not know how to swim.

- **Daily Life Example:** If a friend helps you with a small problem (like giving you a pencil), you can say "Thanks for the rescue".
- **Idol Example:** When the K-pop group Baby Monster forgot their dance moves, their fans sang loudly to come to the rescue. I also mentioned I can come to the rescue if you need help speaking English in class!

✚ B2 Chunks

- a rescue operation - 救援行动
- come to the rescue - 前来营救/解围
