

IELTS with Kee - May 31

 考点线索 (Cues)	 笔记与纪要全解析 (Notes)
名词可数性陷阱 (Countability)	 课堂内容还原 • 物质与抽象概念 (如 water, light, space, coffee, electricity, news) 本质上不可数。 • 具象化转换：当这些词指代具体的“量”或“独立形态”时变可数 (如 a room 表示空间, a cup of coffee 表示一杯)。 • 特例词汇：建议 (advice) 永远不可数，必须用 a piece of advice；情况 (situation) 则是可数名词 (situations)。 •  易错辨析：little 表示“几乎没有” (否定)，而 a little 表示“有一些”。但当 little 作为形容词修饰名词体积时，与数量无关 (如 some little cakes 是指体积小的蛋糕，并非数量少)。  必备语块 (B2 Chunks) • a piece of advice - 一条建议。例句：Some of the best advice I heard while I was a student was to take regular breaks. • some little cakes - 一些小蛋糕 (指体积)。例句：I've made some little cakes. • shapes and sizes - 各种形状和尺寸。例句：They come in a lot of different shapes and sizes.  精髓解释 (Insight) 判断名词是否可数，核心在于它能否被“物理切割”。水和光切不开，所以不可数；但如果你加上了量词容器 (一杯水) 或者把它当成一个完整的独立事件 (一个情况)，它就变成了具体的东西，就可以数了。
高分话题语料 (Health & Sleep)	 课堂内容还原 • 讨论健康与睡眠话题时，常涉及现代人过度消耗导致的不良状态。 • 睡眠相关高频词：sleep debt (睡眠债)、sleep deprivation (睡眠剥夺)、insomnia (失眠)。 • 逻辑链条：身体会记录缺失的睡眠，最终强迫你偿还“睡眠债”。在西方工业化社会中，过度操劳 (两头烧) 的普遍做法，导致异常的嗜睡变成了生活常态。  必备语块 (B2 Chunks) • sleep debt - 睡眠债。例句：Eventually, your body will demand that you pay the sleep debt. • sleep deprivation - 睡眠剥夺。例句：The widespread practice has created so much sleep deprivation. • burning the candle at both ends - 过度操劳/两头熬夜。例句：The widespread practice of burning the candle at both ends in Western industrialized societies has created much sleep deprivation. • abnormal sleepiness - 异常嗜睡。例句：What is really abnormal

	sleepiness is now almost the norm. 救命拖延词 (Stalling) • It's all to do with... - [解释复杂原因时拖延] 这都和...有关。例句：It's all to do with communications and so on.
冠词精准运用 (Articles)	课堂内容还原 • 不定冠词 (a/an)：用于首次提及、泛指某类事物、或者定义职业与性格 (如 an extroverted person, an engineer)。 • 定冠词 (the)：特指前文提及或双方皆知的事物；用于独一无二的事物 (the sun)；特定地理名词 (河流 the Thames, 群岛 the Philippines, 山脉 the Alps/Himalayas, 海洋 the Mediterranean/Pacific/Arctic Ocean/Indian Ocean)；联合制国家 (the UK, the US, the UAE)；以及 A of B 结构 (the University of Chengdu)。 • 零冠词 (Zero Article)：复数可数名词泛指“一类事物”时不加冠词 (如 I like apples)；大洲 (Asia, Europe, Oceania)、多数国家 (China, France)、城市 (Tokyo)、独立山峰 (Mount Everest)；以及习惯性功能搭配 (at lunch, in hospital, by bus)。 • 易错辨析：the options (特指去拍卖会) vs antiques (泛指古董，无需加 the)。 必备语块 (B2 Chunks) • an exciting development - 令人兴奋的新进展。例句：I would like to talk to you today of an exciting development. • a friend of mine - 我的一个朋友。例句：I'd like to tell you about a friend of mine who is called Michael. • value for money - 性价比/物有所值。例句：Value for money is a primary consideration for most people. 救命拖延词 (Stalling) • Off the top of my head... - [被问及突发问题时] 我不假思索地说/我脑海中浮现的是... 例句：Off the top of my head, I'd like to talk to you about a friend of mine.
代词与限定词 (Pronouns)	课堂内容还原 • Each vs Every：Each 强调两者或两者以上群体中的“每一个”独立个体；Every 强调三者或三者以上群体的“整体”。 • 两者对比：Both (两者都), Neither (两者都不), Either (两者其一)。 • 三者或以上：All, Most, Some, None。 必备语块 (B2 Chunks) • each of the... - 每一个...。例句：Each of the students needs to be kept clean. • neither of... - 两者都不。例句：Neither of my sisters is living in the same town. • none of... - 没有任何一个。例句：None of our countries is able to ignore the implications of global warming.

听力 Section 3
(Matching
Strategy)

 课堂内容还原

- 匹配题核心技巧：捕捉**同义替换 (Paraphrasing)**与**逻辑连接词/态度转换**。
-  **致命误区**：只听半句话！例如听到 "we need to do a bit of work" 或 "look at some websites" 时，要能关联到 "do online research"，而不是仅仅听到前文的 "accurate" 就被干扰。
- 态度确认：听到建议后，必须捕捉对方是否同意（如 Yeah, that'd be better / Yes, we could use that）。
- 核心同替网络：
 - Visuals = maps, handouts (讲义), slides (幻灯片)
 - Keep it short = don't want to spend too long / already know a bit
 - Focus on one example = case study (案例分析)
 - Do online research = look at some websites / need to do a bit of work
 - Involve other students = ask people in the audience

 必备语块 (B2 Chunks)

- **in a bit more detail** - 更详细地。例句：It would be good to go into past mistakes in a bit more detail.
- **as the basis for** - 作为...的基础。例句：We could use that case study as the basis for that part of the talk.

 救命拖延词 (Stalling)

- **I suppose...** - [表达观点时缓冲] 我想/我认为... 例句：I suppose we'll begin with some general historical background.
