

Speech for Mar 7

Sentence-by-Sentence Revision

1. Original: Good morning / Good day, everyone. Today I'd like to talk about some something I care about.

Revision: Good morning, everyone. Today, I'd like to talk about something I really care about.

Explanation: * **修改原因:** 加上 "really" 可以增强语气, 让开场显得更自信、更有热情。

- **替换词/表达:** 删除了多余的 "some"。

2. Original: First of all, I want to share a little absurd rules of my school.

Revision: First of all, I want to share a few slightly absurd rules at my school.

Explanation: * **修改原因:** "A little" 通常修饰不可数名词, 而 rules 是可数的, 所以用 "a few"。为了保留学生原本想表达的“有点荒唐”, 改成了 "slightly absurd" (稍微有些荒谬的)。“of my school” 改为 "at my school" 更加地道。

3. Original: Everybody knows that we love beauty and aspire beauty.

Revision: As we all know, everyone loves to look good and cares about their appearance.

Explanation: * **修改原因:** "Aspire beauty" 是中式英语 (Chinglish), 虽然有 "aspire to..." 的用法, 但在口语中太书面化了。用 "loves to look good" (喜欢好看) 和 "cares about their appearance" (在意自己的外表) 会自然得多。

- **Discourse Marker (语篇标记词):** 加入了 "As we all know" (众所周知), 这是演讲中拉近与听众距离的常用开头。

4. Original: But our school not allows students use colourful hair tie. We just can only used black hair tie.

Revision: However, our school doesn't allow students to use colorful hair ties. We are only allowed to wear black ones.

Explanation: * **修改原因:** 修正了语法错误 "not allows" → "doesn't allow" ; "hair tie" 需要加复数 "s"。"just can only used" 语法混乱且重复, 改成了更地道的被动语态 "are only allowed to wear" (只被允许戴)。

- **Discourse Marker:** 用 "However" 替代了 "But", 在句子开头使用更正式一点, 也有利于稍作停顿。

5. Original: And school not allows us put any ornaments on schoolbag. These rules are unreasonable.

Revision: On top of that, the school doesn't let us put any decorations on our schoolbags. Personally, I think these rules are quite unreasonable.

Explanation: * **修改原因:** "ornaments" 通常指家里的摆件或圣诞树装饰, 书包上的挂件用 "decorations" 或 "accessories" 更好。"not allows us put" 改为 "doesn't let us put" (let sb do sth), 更加口语化。

- **Discourse Marker:** 加入了 "On top of that" (除此之外/更糟糕的是) 来递进情绪。加入了 "Personally, I think" (我个人认为) 软化语气, 表达主观观点。

6. Original: Actually, Because school life is very boring, these ways are just provide us pleasure, but school's aim is try to stop student from being distracted from their study.

Revision: Actually, school life can be quite boring, so these little things just bring us some joy. The school's aim, of course, is to stop students from getting distracted from their studies.

Explanation: * **修改原因:** 英语中 "Because" 和 "so" 不要连用, 最好拆成两句话。"these ways are just provide us pleasure" 语法错误且不自然, 改成了 "these little things just bring us some joy" (这些小物件只是给我们带来一些快乐)。"being distracted" 改为 "getting distracted" 在口语中更常用。

- **Discourse Marker:** 加入了 "of course" (当然), 表示理解学校的初衷, 让演讲显得更加客观。

7. Original: I think these behaviors can help students let of steam, and help students study more effectively.

Revision: But in my opinion, having these little freedoms helps students let off steam, which actually helps us study more effectively.

Explanation: * 修改原因: "behaviors" (行为) 用在这里不合适, 戴头绳和挂件更多是一种 "freedoms" (小自由)。"let of steam" 拼写错误, 应为 "let off steam" (释放压力)。使用 "which" 引导从句, 避免了重复说 "help students"。

- **Discourse Marker:** "But in my opinion" 用于引出自己的反面观点。

8. Original: The real reasons of distraction is teachers' teaching methods, teaching materials and class activities are all dull.

Revision: To be honest, the real reason for distraction is that the teaching methods, materials, and class activities are often quite dull.

Explanation: * 修改原因: "reasons of" 介词搭配错误, 应为 "reason for"。"is" 后面接从句需要加 "that"。加上 "often quite" 让语气显得不那么绝对。

- **Discourse Marker:** "To be honest" (老实说), 这是一个非常好的口语标记词, 用来引入真实的内心想法。

9. Original: Many teachers lack communication with students, so they lack mutual understanding and trust.

Revision: Furthermore, many teachers don't communicate much with students, which leads to a lack of mutual understanding and trust.

Explanation: * 修改原因: "lack communication" 略显生硬, "don't communicate much" 更像日常口语说话的方式。"leads to a lack of..." (导致了...的缺乏) 是很好的高频搭配。

- **Discourse Marker:** "Furthermore" (此外/而且), 用来补充另一个论点。

10. Original: Another reason is students have prolonge study time.

Revision: Another issue is that students have overly long study hours.

Explanation: * 修改原因: "prolonge" 拼写错误且词性不对。用 "overly long study hours" (过长的学习时间) 对 B1 学生来说更好记也更地道。

11. Original: I think the better ways to are design more enjoyable class activities and more interactions with students.

Revision: Therefore, I think a better approach is to design more enjoyable class activities and encourage more interaction with students.

Explanation: * **修改原因:** 修正了 "the better ways to are" 的语法混乱, 改为 "a better approach is to" (一个更好的方法是)。"encourage more interaction" (鼓励更多互动) 是标准搭配。

- **Discourse Marker:** "Therefore" (因此), 用来引出解决问题的方案。

12. Original: Teachers should provide students with more opportunities to express themselves during the class.

Revision: For example, teachers should give students more opportunities to express themselves during class.

Explanation: * **修改原因:** "provide" 比较正式, 口语中用 "give" 即可。"during the class" 删掉 "the", 直接说 "during class" 更加流畅。

- **Discourse Marker:** "For example" (例如), 帮助听众明白接下来是具体的建议。

13. Original: Creating more communication with students is a brilliant way to improve instructor-student relationship.

Revision: Building better communication is a brilliant way to improve the student-teacher relationship.

Explanation: * **修改原因:** 沟通不是 "creating" (创造) 出来的, 而是 "building" (建立) 的。"instructor-student" 在大学里常用, 中学一般习惯说 "student-teacher relationship" (师生关系)。

14. Original: Life and hobbies also great topic of communication.

Revision: Life and hobbies are also great topics for conversation.

Explanation: * **修改原因:** 漏了 be 动词 "are"。"topic of communication" 不如 "topics for conversation" (聊天话题) 听起来自然。

15. Original: Shorten their study time is important as well. Start school late in the date and leave school earlier than before.

Revision: Besides that, shortening our study time is just as important. For instance, we could start school later in the day and finish earlier.

Explanation: * 修改原因: 做主语时动词要用动名词 "Shortening"。"late in the date" 是明显的错误搭配, 应为 "later in the day"。"leave school" 换成 "finish earlier" (早点放学) 更符合英语母语者的习惯。

- **Discourse Marker:** "Besides that" (除此之外) 和 "For instance" (例如) 使得段落衔接极其顺畅。

16. Original: In conclusion, don't let rules become yoke. In other perspective to change the teaching method is the correct mode.

Revision: In conclusion, we shouldn't let strict rules become a burden. From another perspective, improving the teaching methods is the right way to go.

Explanation: * 修改原因: "yoke" (枷锁) 这个词太生僻了, "burden" (负担) 是完美的替换。"In other perspective" 介词错误, 应为 "From another perspective"。"correct mode" 搭配生硬, 改为口语中非常常用的 "the right way to go" (正确的方向/做法)。

17. Original: That's all, Thank you.

Revision: That's all I wanted to say today. Thank you for listening.

Explanation: * 修改原因: 加上 "I wanted to say today" 和 "for listening" 会让结尾更有礼貌, 也更完整。
